*Additional Lyrics:*

He would hold you in that special way  
 Make you feel so safe  
 Make you know that it's alright  
 And he told you you could be anything  
 Keep your chin up  
 Keep your vision in your sight

But did you trust him?  
 Did you believe him?  
 Wondering if it could be real  
 Did you test him; did you test him  
 Give yourself some wounds to heal

*Chorus*

Will you listen if you hear him say  
 He still loves you  
 And his love is all there is  
 Could you let him guide your every move  
 Living through you  
 Teaching you how to forgive

And could you trust him?  
 Could you believe him?  
 And surrender to his way  
 Could you trust him; could you believe him  
 Let him guide you everyday.

*Chorus*
